SCUTUM GROUP

We need to protect our assets

We need to guarantee safety

## FIRE & SECURITY SOLUTIONS

Trusted to protect and secure over  
2000 sites across the UK, since 1989

*“Striving for continuous improvement in quality, value and performance.”*

Since January 1989 FPG have provided fire and security solutions to a wide portfolio of customers, protecting their property and life from fire, theft and vandalism. Our partnership with the Scutum Group in 2017, a €170m turnover organisation, creates opportunity to expand our customer portfolio even further. We strive for continuous improvement in quality, value and performance, recognising our customers require our systems and services to become more efficient, as we respond to the growing demands of our fast changing world.

### ■ Values & Trust

Trust is earned by doing what we say we will, demanding care, consistency and competence, committing us to high ethical standards and is central to who and what we are. We must deliver on our promises, meeting our customers' requirement for quality, delivery, responsiveness and reliability.

Testing our values is central to our business ethos hence we engage in a programme of rigorous 3rd party accreditation such as BAFE SP203 Pt 1&3 (All Modules), BAFE SP205 Life Safety Fire Risk Assessment, ISO9001, ISO 14001, Achilles UVDB B2 (average of +90% score in H&S, Quality & Environmental disciplines) & FPAL, SSAIB, Safe Contractor & Construction line. We are members of the FIA and have, historically, been awarded IIP status.

### ■ Capabilities

Our fire, security and emergency lighting systems are installed throughout the UK and Ireland. From Hospitality to Defence, Health to Transportation, Financial to the Cloud, Petrochemical and High Hazard, FPG are proud to be protecting a plethora of businesses from small to the largest Blue Chip, Commercial and Industrial Institutions. Our service extends across sales, design, installation, commissioning and of course maintenance. We recruit and retain the best professionals in the industry providing them with both in-house and leading product manufacturers training to ensure they maintain the skill levels necessary to meet our customers' needs.
