

FIRE AND SECURITY FOR BANKING

FPG's fire & security solutions protect some of the largest financial institutions across the UK.

Our diverse supply chain ensures that we install the best and most innovative fire detection, suppression and security systems available. We ensure the safety and security of financial institutions by staying at the forefront of technology, in a world where criminal activity becomes ever more sophisticated.

- ROYAL BANK OF SCOTLAND
- LLOYDS BANKING GROUP
- BARCLAYS BANK
- SAFRA GROUP
- BALTIC EXCHANGE
- EBRD
- STATE STREET
- DELOITTE UK
- ROYAL & SUN ALLIANCE
- NFU MUTUAL

INNOVATIVE AND NETWORKED

We stay at the forefront of fire and security technology to ensure that the systems we install are future proof and able to withstand sophisticated criminal activity. Systems can be integrated and networked, improving ease of use and aiding in auditing.

ACCREDITED & CERTIFIED

FPG is fully accredited and certified, providing solutions since 1989. Our in house team of consultants, designers, and fire risk assessors ensure that the systems we install are best-in-class and comply with legislation.

COMPLETE FIRE & SECURITY SOLUTION

FPG is a single-source provider for fire, security and safety solutions. Systems can be networked and integrated, improving ease of use and streamlining building operations.

A LONG TERM RELATIONSHIP

The installation of an FPG system is only the beginning of a long term relationship. Our maintenance agreements, 24/7 emergency service and local support ensure the long term safety and security of your site.
